The 10th ACM S$^3$ Workshop
Co-located with ACM Mobicom 2018

November 2, 2018
New Delhi, India

http://ubwins.cse.buffalo.edu/s32018

The S$^3$ workshop provides a unique venue for students to discuss research ideas on mobile and wireless systems. The workshop is organized by a student-run TPC. S$^3$ aims to encourage student leadership and participation in the research community.

- If you’re a graduate student looking for early feedback on your research, consider submitting a 3-page paper
- If you have an app that you want to showcase, consider submitting a demo
- If you have a small idea, consider submitting a poster

Important Dates

- Paper Camera Ready: August 10th, 2018.

Workshop Organizers

Steering Committee:

- Mung Chiang (Purdue University)
- Romit Roy Choudhury (University of Illinois at Urbana-Champaign)
- Edward Knightly (Rice University)

Technical Program Co-Chairs:

- Swetank Kumar Saha (University at Buffalo, SUNY)
- Swadhin Pradhan (UT Austin)
